

Limited Warranty for All

The products manufactured by Renogy (the “Warrantor”) are warranted to be free from defects in workmanship and materials under normal use and service. The warranty is in effect from the date of purchase by the user (the “Purchaser”). This limited warranty covers substantial defects in material or workmanship and performance.

If any Renogy product fails to comply with this Limited Warranty and the defect is verified through Renogy’s warranty assessment process, Renogy will, at its option, either repair the defective product or replace it with a new or refurbished product of equal or greater performance and reliability. All replacements will be compatible with the original product(s) with an equal or even greater power rating (in some cases). If for any reason Renogy is unable to repair or replace the defective product(s) then a refund can occur.

Part 1 Batteries and Power Stations

1. Prorated Warranty

Prorated warranted products manufactured by Renogy (the “Warrantor”) are warranted to be free from defects in workmanship and materials under normal use and service. The warranty is in effect from the date of purchase by the user (the “Purchaser”). This limited warranty covers substantial defects in material or workmanship and performance and follows the guidelines of the Limited Warranty with the addition of the following table detailing exchange costs for warranty replacements for prorated warranty items.

***Please Note:** Failure to properly install or operate the battery will void the warranty. Please refer to the product page on our website for detailed installation and operation instructions.

Time	Charge for Replacement
0-12 Months	No Charge
After 12 Months	Original Purchase Price $\times (1 - \frac{\text{Remaining Warranty Period (in Months)}}{\text{Total Warranty Period (in Months)}})$

2. Material and Workmanship Warranty period for the following products after August 1st, 2015

<u>GEL Battery</u> RNG-BATT-GEL12-200; RNG-BATT-GEL12-100; RNG-BATT-GEL12-160; RNG-BATT-GEL6-260; RBT100GEL12;	3-year prorated material and workmanship warranty
<u>GEL Battery</u> RBT200GEL12 RBT100GEL12B (The battery box is warranted separately for 1 year)	2-year prorated material and workmanship warranty
<u>AGM Battery</u>	2-year prorated material and

RNG-BATT-AGM12-100; RNG-BATT-AGM12-200; RNG-BATT-AGM6-260 RNG-BATT-AGM12-7; RNG-BATT-AGM12-9; RNG-BATT-AGM12-18 RBT100AGM12B (The battery box is warranted separately for 1 year) RBT1270AGM-ST; RNG-BATT-AGM12-100-AMZ; RNG-BATT-AGM12-200-AMZ	workmanship warranty
<u>LFP Battery</u> RBT100LFP12-BT; RBT200LFP12-BT RBT2425LFP; RBT2450LFP	3-year prorated material and workmanship warranty

<u>Battery Box</u> RBB2431; RBB400; RMT12104BT-SB; RMT12104BT-DB; RMT12104BT-4PB; RMT12104BT-2PB-SG; RMT12104BT-MB; RMT12104BT-2PB; RMT12200BT; RMT12104BT-3PB;	1-year prorated material and workmanship warranty
<u>Battery Box</u> RMT12100BT;	5-year prorated material and workmanship warranty
<u>Portable Power Station</u> RNG-ELM-LYCAN RNG-CMP-T100; RNG-CMP-RPP RNG-ELM-PHOENIX; R300PHXE R100PHX; R200PHX; R300PH RPS2220AA; RPS3250AA; RPS5080AA-PCS RPS100150AA-PCS	1-year prorated material and workmanship warranty
<u>Backup Power Box</u> RPB4835OA-48LFPA12S; RPB4850OA-48LFPA1SS	3-year prorated material and workmanship warranty

3. Exclusions and Limitations for Batteries

The warranty does not cover failures and damages that result from normal wear and tear, improper installation, operation, and storage, insufficient ventilation, inadequate maintenance, incorrect handling and transportation, unauthorized repair, modifications, conversions and additions, intentional or accidental misuse, abuse, and neglect, contamination with hazardous substances, radiation, and water (unless stated otherwise by the Warrantor to be waterproof), unusual electrical stress including power surges, uncontrolled voltages and currents, excessive or deficient energy supply, system harmonics, and lighting, exposure to extreme hot or cold temperatures, and force majeure including fires, floods, earthquakes, hurricanes, severe weather, wars, and acts of terrorism.

Part 2 Solar Panels and Solar Kits

1. Material and Workmanship Warranty period for the following Solar Panels after Aug 1st, 2015:

*Excluding charge controller and wire defects.

Part 5 Refurbished Products

The provisions in this Part apply only to products that are sold and purchased as refurbished products at the time of the original sale. Refurbished products provided as warranty replacements for brand-new products will remain subject to the warranty terms applicable to the original product purchased.

1. Type of Refurbished Products

Refurbished-B

Condition: 90% New, Minor signs of prior use may be present.

Tested and verified to be fully operational. May show slight signs of prior use, but no obvious aging, discoloration, or significant wear.

Warranty: Covered by a limited warranty period of 1 year.

Refurbished-C

Condition: 70% New. Visible signs of prior use may be present.

Tested and verified to be fully operational. May show noticeable signs of prior use or storage marks, and the overall cosmetic condition may appear aged.

Warranty: Covered by a limited warranty period of 6 months.

2. Warranty Policy for Refurbished Products

The warranty is in effect from the date of purchase by the end user.

① Within the applicable warranty period, if a functional failure occurs due to non-human causes, we will provide a free replacement with a unit of the same grade for General Refurbished Products.

- ② Warranty service does not cover failures or damages resulting from causes other than product quality issues, including but not limited to normal wear and tear; improper installation, operation, or storage; inadequate ventilation; improper maintenance; incorrect handling; unauthorized repair or modification; misuse; contamination; water damage (unless the product is explicitly rated as waterproof); power surges; exposure to extreme temperatures; or force majeure events.
- ③ Products that have been serviced or replaced under their warranty period do not receive extended warranties. Instead, the serviced/replaced product(s) will abide to the original warranty period issued when first purchased.
- ④ If a replacement of the same grade is unavailable due to stock shortage, the customer may choose to pay the price difference to receive a higher-grade refurbished unit or a brand-new unit. If the customer does not accept the alternative, a refund will be issued based on the original purchase price.

General Conditions for Warranty Claims

For Workmanship and Material Warranty: If the Purchaser experiences any defects in materials and workmanship under normal application, such as defects and/or failures due to manufacturing or due to materials, it is their responsibility to contact the Warrantor's technical support team. The technicians will offer steps and procedures to test the product(s), repair the product(s) or require the Purchaser to ship the product(s) to the technical support team if needed. Based on the outcome, the warranty service will then be in effect.

This warranty extends only to the original Purchaser. If gifted or resold the customer must go through the original Purchaser in order to claim warranty. Original order information is needed to claim warranty. If original order was shipped within the US, the Purchaser will be responsible for additional shipping costs out of the US. The Customer's sole and exclusive remedy and the entire liability of the Warrantor, its suppliers and affiliates for breach of the warranty is, either to replace the product(s) or component parts of the product(s) and in some cases refund the product(s) cost. This warranty does not cover labor. Products that have been serviced or replaced under their warranty period do not receive extended warranties. Instead, the serviced/replaced product(s) will abide to the original warranty period issued when first purchased. No employee, agent, dealer or any other person is authorized to give any warranties on behalf of the Warrantor, not expressly set forth in this limited warranty.

Exclusions and Limitations

Without the involvement of the Warrantor in the system design and the express written authorization from the Warrantor, the products are not intended for use as the primary or backup power source for life support

systems or other medical equipment, or any use where products failure could lead to injury to or loss of life or catastrophic property damage. Use in this manner is at Purchaser's own risk. To the extent permitted by law, Warrantor disclaims any and all liability arising out of any such use. Further, Warrantor reserves the right to refuse to service any products used for these purposes and disclaims any and all liability arising out of Warrantor's refusal to service.

The Purchaser shall ensure that the installation, operation, maintenance, and storage of the product strictly comply with the official user manuals, instructions, and related technical documentation provided by the Warrantor with the product or published on its official website (collectively referred to as the "Usage Documentation"). Any defects, failures, damages, or loss of performance directly or indirectly resulting from failure to adhere to the aforementioned Usage Documentation shall not be covered under this warranty.

The warranty does not cover failures and damages that result from normal wear and tear, improper installation, operation, and storage, insufficient ventilation, inadequate maintenance, incorrect handling and transportation, unauthorized repair, modifications, conversions and additions, intentional or accidental misuse, abuse, and neglect, contamination with hazardous substances, radiation, and water (unless stated otherwise by the Warrantor to be waterproof), unusual electrical stress including power surges, uncontrolled voltages and currents, excessive or deficient energy supply, system harmonics, and lighting, exposure to extreme hot or cold temperatures, and force majeure including fires, floods, earthquakes, hurricanes, severe weather, wars, and acts of terrorism. If the Warrantor determines that the problem with the product(s) is not due to a manufacturing defect in the Warrantor's workmanship or materials, or otherwise does not qualify for warranty repair, then the Purchaser will be responsible for all costs incurred by the Warrantor necessary to repair, replace and transport the product(s). The Warrantor will not be responsible for expenses related to installation/removal, electrical system tests, loss of time or other expenses considered incidental damages.

The warranty shall be asserted with the Warrantor in writing enclosing a copy of the invoice and a description of the defect/loss of performance within the warranty period. The Warrantor shall accept no returns of product(s) without the previous written request for this. The Warrantor will provide the Purchaser with an RMA number and the location to which the Purchaser must return the defective product(s) in an efficient time manner. Any product(s) returned for valid warranty service shall be shipped at the expense and risk of the Warrantor. The Purchaser must return the product(s) (or, if authorized by the Warrantor, the defective component parts), within **fifteen (15) days after issuance of the RMA number**. The Warrantor will be under no obligation to accept any returned product(s) that does not have a valid RMA number. All parts that the Warrantor replaces shall become

the Warrantor's property on the date the Warrantor ships the repaired product(s) or part back to the Purchaser. The Warrantor will use all reasonable efforts within thirty (30) days of receipt of the defective product(s) to repair or replace such product(s). If a warranty claim is invalid for any reason, the Purchaser will be charged at the Warrantor's then-current rates for services performed and will be charged for all necessary repairs and expenses incurred by the Warrantor. If the Warrantor determines that a warranty claim is valid, it will ship the repaired or replaced product(s) to the Purchaser at the Warrantor's cost.

RENOGY MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY OR CONDITION ARISING OUT OF A COURSE OF DEALING, CUSTOMER OR USAGE OF TRADE.

LIMITATION OF LIABILITY

UNDER NO CIRCUMSTANCES WILL RENOGY OR ITS AFFILIATES OR SUPPLIERS BE LIABLE OR RESPONSIBLE FOR ANY LOSS OF USE, INTERRUPTION OF BUSINESS, LOST PROFITS, LOST DATA, OR INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY KIND REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE, EVEN IF RENOGY OR ITS AFFILIATE OR SUPPLIER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so these limitations may not apply to you. Neither Renogy nor its affiliates or suppliers will be held liable or responsible for any damage or loss to any items or products connected to, powered by or otherwise attached to the Product. The total cumulative liability to the Purchaser, from all causes of action and all theories of liability, will be limited to and will not exceed the purchase price of the Product paid by the Purchaser. This warranty gives you specific legal rights and you may also have other legal rights that vary from state to state.

Renogy loves to hear from and support our customers.

We have a dedicated Technical Team to help build the right Solar Solution for you. The related support information can be found below.
